THE FIRST SYMPTOM

Every Woman and Girl Should Correct Any Thinning of the Blood and Prevent Anaemia.

Bloodlessness is one of the greatest enemies of growing girls and young women. So steadily and gradually does it attack them that the disease is often well advanced before it is detected. Therefore it is important to note the first symptoms and check the thinning of the blood.

Mrs. Lewis R. Roeland, of Fresno, Minn., who cured herself with Dr. Williams' Pink Pills for Pale People, says:

"When I was about twelve years old I took a severe cold, which left me in a weakened condition. I thought nothing of it at first but kept getting weaker until I was confined to my bed for a day or so at a time. I was pale and did not have a particle of color. I had severe dizzy spells with a fainting sensation and became so sick that I had to leave school. My appetite was poor and I ate hardly enough to keep me from starving. My parents thought I was going into quick consumption and were alarmed at my condition.

"I tried different remedies without relief until I began taking Dr. Williams' Pink Pills. They had cured a cousin, when she was suffering as I did, and my parents decided to have me try the pills. They proved the turning point in my life. I got well in a short time. I have never had to use the medicine since and can truthfully say that Dr. Williams' Pink Pills were the means of giving me my present good health."

These pills make the new blood that dispels the "always tired" feeling and the continual backaches. They banish headaches, low spirits and fits of nervousness.

A helpful booklet, "Building Up the Blood," will be sent free to any address on request. It will show you what Dr. Williams' Pink Pills have done for Dr. in cases like your own. Slight changes in the style of naval uniforms will cost each officer in the service from \$300 to \$500, according to officers who are protesting against the navy department's latest sartorial orders.

The changes just inaugurated lengthens the boat cloak and frock coat and orders a velvet collar for the cloak. The officers claim that the alterations are without justification.

Among the changes are the following: Shoulder straps abolished for all officers; on white service coat and mess jacket shoulder marks are replaced by metal insignia on tongue of same cloth; epaulet insignia rearranged; no buttons at bottom of the coat-tail of the frock coat; in front view, buttons in each row instead of six, buttoning four; the fifth to be wholly visible; no buttons at bottom of evening dress coat-tails; blue evening waistcoat abolished and white substituted; boat cloak to reach two inches below knee; velvet collar; full-dress belt to be woven gold instead of embroidered; linen collars to be standing kind; no turn-down or wing collars permitted; sleeve buttons of plain gold; shirt bosom studs not more than one-quarter inch in diameter.

Germany today accepted the amended draft of the declaration of the European Powers to Turkey and the Balkan mountain states. It now embodies the Austria-Hungarian proposal for a clearer definition of the intention of the Powers, which ask for a larger measure of home rule for the European provinces of Turkey.

Sunrise this morning, the day of the opening of the world's baseball championship series, in New York, found over 500 men and boys lined up at the Polo Grounds, sitting around bonfires, after waiting all night for the first chance at the upper 4000 grand stand seats on sale at nine o'clock.

Announcements were made at London today through the various sporting papers and magazines, that a match between Georges Carpentier and Bombardier Wells has finally been arranged to take place at Monte Carlo some time next February.

The Balkan States situation has been considerably changed by Turkey's eleventh-hour surprise announcement of her willingness to grant a greater measure of self-government to Rumania and Macedonia.

Eight privates of Battery F, Third United States Field Artillery, were injured by a premature explosion of a shell today at Tobyhanna, Pennsylvania.

3889 FILIPINOS

COME TO HAWAII

MANILA, P. I., Sept. 10.—That there was a slight decrease in the number of Chinese, Japanese and Spanish, but a heavy increase, amounting to 70 per cent., in the number of East Indian immigrants coming to the islands, is the most noticeable feature in the report prepared by the acting collector of customs bearing on immigration during the fiscal year 1912.

During the fiscal year 5315 Filipinos departed from the islands, 3889 going to the cane fields in Hawaii. To offset this drain, 1184 Filipinos returned from abroad. American citizens to the number of 4402 left the islands, while 4311 entered during the fiscal year.

There entered 6539 Chinese, 780 less than in the fiscal year 1911, and 7587 departed, 10 less than in 1911, the departures thus appearing to be 1048 greater in number than the arrivals.

This loss is, however, only apparent, as the number of Chinese departing without intention of returning was less by 879 than the number of Chinese arriving with the intention to make their future home here.

W. G. SMITH VISITS SEATTLE

The visit of Walter G. Smith to Seattle resulted in the following, from a Seattle paper of September 24:

Walter Gifford Smith, representing the Hawaii promotion committee, of Honolulu, arrived in this city yesterday afternoon from Portland, where he has delivered several illustrated lectures during the past fortnight. The O. W. R. & N. Company is arranging lectures for him here, the first of which will be given before the Chamber of Commerce next Friday evening. He shows slides and motion pictures to a lecture called "The Hawaiian Wonderland."

Explaining his mission last night, Mr. Smith said: "Our people want to get into closer touch with the Northwest generally. We have growing commercial relations with the Sound and are getting about 15 per cent. of our tourists from here. Hawaii is the natural winter playground for the Northwest, being in easy reach from here in the North Pacific, just within the tropic of Cancer.

Cuts Both Ways.

"On the other hand, this is the natural summer playground for the rich white folk of Hawaii, about 10 per cent. of whom travel somewhere, regularly to Europe, every year.

Close Newspaper Friends.

"I may say that I now have a rather close journalistic connection with the Northwest. Our editors generally come from this part of the country. Roderick Matheson, editor of the Advertiser, a morning paper, which was established at Honolulu fifty-six years ago, is a Western Canadian. Riley Allen, formerly of the Star-Bulletin, is the editor of the Star-Bulletin.
